

For families, and adventure seekers, the TH560 offers unparalleled carrying capacity coupled with all the creature comforts you could ask for

PATRIOT CAMPERS ADVENTURE RANGE

Built tough to handle your epic trips, but accommodating and comfortable enough for the family; Patriot Campers have plenty to offer everybody

Call them the adventure specialists, because Patriot Campers specialises in hardcore, Aussie-built camper trailers engineered to handle the toughest off-road conditions without breaking a sweat. Manufactured from the ground up at

their state-of-the-art facility in Molendinar, Queensland, Patriot's unique designs all feature dynamic, modular setups for flexible touring and aluminium and galvanised construction so there's nothing about them you'll ever have to worry about rusting or failing due to corrosion. 4WD

THE TH560 TOY HAULER

Remarkably lightweight for its impressive size, the TH560 offers intrepid Australians true off-road capability thanks to an over-engineered chassis with huge rock sliders designed to give the trailer's undercarriage an added level of protection against rocks and obstacles when tackling difficult crossings. It's massive 1.70m wide by 3m long deck is big enough and strong enough to carry either a full-size, side-by-side ATV, two normal ATVs, five dirt bikes or a pair jet-skis – so no matter what kind of adventures you've got on the brain, the TH56 Toy Hauler has been purpose-built to make all of your existing dreams a reality and inspire as many new ones as possible. A hot water shower comes standard and so does a comprehensive kitchen configuration with a 60L ARB fridge, sink, cutlery drawer, pantry and a serious amount bench space.

THE X1 FAMILY PACK

In spite of its compact appearance, the X1 Family Pack is the real deal when it comes to genuine off-road performance. It's laser-cut, interlocked, hot-dipped galvanised chassis is structurally riveted to a marine grade aluminium monocoque body which runs on an independent trailing arm suspension and twin shock absorbers for handling and efficiency engineered to stand-up to the toughest conditions Australia can throw at it. The X1 Family Pack features a rear tailgate that conveniently doubles as a dining table plus family pack upgrades like rear roller drawers and second bedroom adding extra storage and sleeping capacity to the camper's dynamic overall construction. Powered by a 120Ah Fullriver battery and Redarc battery management system, the X1 truly does offer the best of both worlds – comfort, and capability.
